# About the Explanatory Guides

Published in July 2015, the Explanatory Guides offer a detailed introduction to each sport at the Rio 2016 Olympic Games, as well as providing information on a variety of other fundamental topics that may be of importance to teams as they continue their planning and preparations. This guide is divided into several sections:

- A general introduction to Rio de Janeiro and to the Games;
- Sport-specific information on subjects such as the competition format, schedule and venue; rules; training; and qualification criteria;
- General information touching on accreditation, ticketing, accommodation, medical services, doping control and transport;
- A directory that contains contact details, maps and a daily competition schedule for all sports.

All information provided in this Explanatory Guide was correct at the time of publication in July 2015; however, please note that these details may change between this date and the Games. NOCs are advised to check the IOC's NOCnet (<http://extranet.olympic.org/nocnet>) and Rio 2016's Rio Exchange (<https://rioexchange.rio2016.com>) for important updates on topics, such as to the competition schedule.

Detailed Team Leaders' Guides, covering Games-time plans for every Olympic sport, will be distributed to NOCs in June 2016.

Welcome to the Shooting Explanatory Guide for the Rio 2016 Olympic Games. On behalf of Rio 2016, I am pleased to present this document, the content of which has been produced in close collaboration with the International Shooting Sport Federation and IOC Sport.

As a commitment to sustainability, these guides are being presented in an electronic-only format. In addition, they have been developed for a mobile-friendly platform; this is an innovative feature Rio 2016 has utilised to make the information more convenient and accessible on a variety of devices.

As the host of the first Games on South American soil, Rio 2016 is committed to showcasing sport in its highest form against the stunning backdrops that Rio de Janeiro has to offer. A variety of competition and training venues, including new and renovated installations, will offer athletes the best conditions to excel in a fair and safe field of play.

In addition, accommodations and facilities at the Olympic Village will provide an engaging environment and offer the best services to meet the needs of athletes and team leaders during their stay in Rio de Janeiro. New transport services will connect the four competition zones and venues throughout Rio to provide easy access across the city during the Games.

We hope this guide will provide all the necessary information in preparation for your participation at the Games in August 2016. We look forward to welcoming you to the Marvellous City for what is sure to be a memorable experience.

# INTRODUCTION

## Welcome to Rio 2016

The Rio 2016 Olympic Games will demonstrate the determination of all Brazilians in delivering the greatest festival on Earth, proudly advancing, through sport, the national mantra of progress. These pages offer a brief introduction to Rio de Janeiro, its Olympic heritage, the city's plans for the Games and the benefits they will bring to Rio and Brazil.

## Rio de Janeiro, then and now

The former capital of Brazil, Rio de Janeiro is located in the state of the same name on the south-eastern strip of the country's Atlantic coast. It is one of the most visited cities in the southern hemisphere. In January 1502, the second exploratory expedition by the Portuguese, led by Captain Gaspar de Lemos, reached Guanabara Bay. Legend has it that he entered the bay believing it to be a river, so he named it Rio de Janeiro, literally translated as "River of January".

Rio is a picture-postcard city, with lush green mountains, lakes, blue oceans and miles of white, sandy beaches. It is the home of Sugarloaf Mountain, Maracanã stadium, Guanabara Bay and, overlooking it all, the statue of Christ the Redeemer. It is no wonder Rio is known as the "Marvellous City". The friendliness of *cariocas* (as Rio locals are known) can be witnessed in the streets, in the bars and at the beach.

### CLIMATE

Rio de Janeiro benefits from a mild to warm climate during the winter month of August. Based on statistics from recent years, athletes can expect an average daily high of around 21-22°C (70-72°F) in the Olympic Village. On average, relative humidity ranges from a minimum of approximately 60 per cent to a maximum of approximately 80 per cent. The average monthly rainfall during August is 42 millimetres; the prevailing winds are from the south-west and south-east. The average daylight hours in Rio de Janeiro at Games time (August and September) are from 6.00am to 6.00pm.

## The city's Olympic heritage

Brazil is a nation with sport in its blood and has always been a serious competitor in the Olympic Games. Never content with just taking part, the country has long dreamt of hosting the world's biggest sporting event. Brazil's first bid came in 1932, to host the 1936 Games, but Rio de Janeiro failed to advance past the International Olympic Committee's initial selection phase. Sixty years later, Brasilia was a candidate for the 2000 Games, until its bid was withdrawn in the first phase. But Brazilian hopes were not dashed, rooted as they were in a deep belief in the value of the Games, and with the certainty that hosting them would boost national development efforts. With firm, unyielding commitment, the groundwork was already being laid on a path that, with each bid, was taking on an ever more clearly defined direction.

Rio de Janeiro's next attempt was to host the 2004 Olympic Games, but again it did not pass the initial selection phase. The Committee's General Assembly made a strategic decision to focus on a Rio bid for the 2007 Pan American Games, with a commitment to making it the biggest and best such games ever held. Competitors and managers were determined to work towards ensuring that the cream of Brazilian athletes would compete on home soil, at a truly impressive event in state-of-the-art arenas. At the same time, Rio prepared its bid for the 2012 Games, in which the city was up against stiff competition. Despite the acknowledged quality of its bid, it was eliminated from the Candidate City shortlist.

Rio's 2004 and 2012 bids were part of an ongoing process in which the city's positive points were strengthened, and the weaker areas addressed, to provide the structure for the next Olympic bid. In 2007, the organisers of the Pan American Games exceeded all expectations, delivering the best edition in these games' history. The capacity to stage and promote a major sporting event had been proven, and recognition for all the effort expended did not take long to arrive: on 2 October 2009, after a hard-fought campaign, Rio de Janeiro won the right to host the 2016 Olympic and Paralympic Games, the first to be held on South American soil.

## COMPETITION VENUES

A total of 37 competition venues, across four (4) zones in Rio de Janeiro and the football cities, will be used for the Olympic Games.

### Barra zone

The Barra zone will be the heart of the Rio 2016 Olympic Games. Located in *Zona Oeste* (West zone), the area will be a beautiful setting for the competitions. Surrounded by lagoons, mountains and parks, this neighbourhood's idyllic natural setting will be home to the athletes, as well as welcome thousands of spectators and Games visitors. The Olympic Village, Barra Olympic Park, Riocentro, IBC/MPC and Barra Media Accommodation Villages are all located in the Barra zone. Barra will house 15 competition venues, with 16 sports taking place.

### Copacabana zone

Copacabana is one of the city's most famous neighbourhoods. Located in Rio de Janeiro's *Zona Sul*, or southern area, it boasts a beautiful, crescent-shaped beach that stretches more than four kilometres and is one of the most eye-catching images in the city. On Sundays, the lanes of *Avenida Atlântica* — the beachfront avenue — are closed to cars, so that the *carioca* population and visitors can enjoy the pleasant promenade atmosphere. Families and people of all ages may practise sport, swim in the ocean or simply relax: this is the Copacabana spirit. With its world-famous beaches, beautiful mountains and globally recognisable landmarks, including Sugarloaf and Corcovado, the Copacabana zone will be the perfect setting for the road competitions. With a population of nearly two million people, the events will certainly benefit from an authentically energetic *carioca* vibe. Copacabana will house four (4) competition venues, with seven (7) sports taking place.

**BEACH VOLLEYBALL ARENA:**

Volleyball (Beach Volleyball)

**FORT COPACABANA:**Aquatics (Marathon Swimming),  
Triathlon, Cycling (Road – Road Race)**LAGOA STADIUM:**

**Deodoro zone**

Located in the western part of Rio, the Deodoro zone is connected to the city centre and beyond by train lines. Venue construction for the Rio 2007 Pan American Games resulted in an increase in the number of youngsters practising sport, and it is anticipated that this level of participation will increase further with the opening of new venues for the Rio 2016 Games. Deodoro will house nine (9) competition venues, with (8) sports taking place.

The Maracanã zone includes two of Rio's most iconic venues: Maracanã and the Sambódromo, in addition to the Olympic Stadium, built for the Rio 2007 Pan American Games, and nicknamed "Engenhão", after the Engenho de Dentro neighbourhood in which it is located. The zone, though part of *Zona Norte*, the northern area, is located close to the city centre. Hundreds of people visit the Maracanã complex every day, where they take advantage of its spaces for physical exercise, such as walking and jogging. Maracanã will host the Opening and Closing ceremonies of the Olympic Games, as well as Football and the adjacent Maracanãzinho will host the Volleyball competition. The Marathon (Athletics) and Archery competitions will take place in the Sambódromo, while the Olympic Stadium will be home to Athletics (track and field) and Football. In total, the Maracanã zone will house four (4) Olympic venues, with four (4) sports taking place.

## Aquece Rio

*Aquece Rio* ('Rio Warms Up') is the test event programme for the Olympic Games. The test events organised by Rio 2016 will be under the banner of the Aquece Rio series, while others will be staged by the respective International Sports Federations or Brazilian Sport Federations.

In total, 45 test events will have been staged when the programme, which finishes in May 2016, is completed.

The programme will include 34 Olympic, six Paralympic and four joint Olympic and Paralympic test events. More than 7,700 athletes will get a taste of the host city and around 16,000 volunteers will participate in the test events, which will take place across 156 days of competition in total.

There will be three clusters of events, the first between July and October 2015, focusing on outdoor events to provide athletes with the same climatic conditions that can be expected at Games time. The second, from November 2015 to February 2016, will be more focused on indoor events, while the last, between March and May 2016, will allow preparations to be finalised.

Just before the one-year-to-go mark, the International Volleyball Federation (FIVB) will organise the first 2015 test event, with the FIVB World League Finals taking place from 15 to 19 July in the Maracanãzinho, followed by the Olympic and Paralympic Triathlon event in Copacabana on 1 and 2 August; the World Rowing Junior Championships at Lagoa Rodrigo de Freitas, from 5 to 9 August; and the equestrian event at the Olympic Equestrian Centre in Deodoro from 6 to 9 August.

The events provide an important opportunity to test the competition areas and results systems, as well as integrating all the relevant stakeholders and training the team of people who will be responsible for running the events during the Games.

For more details about the test events schedule, please visit [www.aquecerio.com/en](http://www.aquecerio.com/en).

## **Celebra**

*Celebra*, the Rio 2016 culture programme, will consist of a great celebration of Brazilian and international culture, mainly through free events to be held in public spaces, aiming to expand access to culture and incorporate it into day-to-day city life. Besides interactive installations encouraging engagement with the Rio 2016 Games, there will be a strong artistic programme, emphasising proponents of national and international culture.

The Celebra programme will embody Brazilian history and take it to the streets like never before. Access to culture, in the broadest sense, is at the heart of the programme, which is divided into six segments: literature, dance, music, visual arts, performing arts and everyday life.

## **After the Games**

The Rio 2016 Games will be a catalyst for change in Rio de Janeiro and Brazil, leaving a positive transformation and lasting legacy not only in terms of sport, but also for society, the economy, urban infrastructure and environment. More details about Rio 2016's legacy can be found on the Rio Exchange.

## COMPETITION

## Shooting at the Olympic Games

The history of Shooting as a sport dates back hundreds of years: the first clubs were formed in Germany during the 12th century. Shooting continued to evolve in concert with the development of guns and ammunition, which saw the rise of the musket and other weapons using gunpowder. During the 19th century, shooting became more organized as a sport and this led to the founding of the International Union of National Shooting Federations and Associations — now the International Shooting Sport Federation (ISSF) — in 1907.

Shooting was included in the programme at the first modern Olympic Games in 1896, and has been in every Games except 1904 (St. Louis) and 1928 (Amsterdam). The first separate events for women were introduced at the Los Angeles 1984 Games; finals for all events were added at the Seoul 1988 Games; and electronic targets for Rifle and Pistol events were first used in the Barcelona 1992 Games. ISSF Rules changed after the 2012 Olympic Games so that now all finals start from zero (the qualification score is not carried forward). Shotgun events feature semi-finals and medal matches. Rifle and Pistol events now have elimination-style events. In accordance with a tradition that began in 1984, the first gold medal of the Rio 2016 Olympic Games will be awarded in shooting, to the winner of the women's 10m Air Rifle event.

#### Rio 2016 Competition Management

Shooting Manager	Ericson Rodrigues Andreatta (BRA)
Shooting Services Manager	TBD

**Ericson Rodrigues Andreatta**  
Shooting Manager, Rio 2016

A retired Colonel of the Brazilian Army, Ericson Andreatta has been involved with target shooting since 1982. During his military career, he was a big-bore and small-bore rifle shooter. After 32 years of active service in the army, he joined the Army Sports Committee as chief of the Army Shooting Team and the Brazilian Armed Forces. In the Brazilian Shooting Sport Federation, he was technical coordinator of rifle and pistol for four (4) years. In 2013, he was the Competition Manager of the Brazilian Shooting Championship of the Armed Forces and the Shooting Director of the Brazilian Championship of Military Pentathlon.

For details of how to contact the IOC, Rio 2016, the ISSF and the CBTE, see [p39-41](#).

## The Shooting competition

The Shooting competition at the Rio 2016 Olympic Games will be held from Saturday 6 August to Sunday 14 August 2016 at the Olympic Shooting Centre in Rio de Janeiro. The competition will consist of 15 medal events, summarised below:

MEDAL EVENTS	
Men (9)	Women (6)
50m Rifle Prone (60 shots qualification plus final)	50m Rifle 3 Positions (3x20 shots qualification plus final)
50m Rifle 3 Positions (120 shots qualification plus final)	10m Air Rifle (standing, 40 shots qualification plus final)
10m Air Rifle (standing, 60 shots qualification plus final)	25m Pistol (30+30 shots qualification plus final)
50m Pistol (60 shots, qualification plus final)	10m Air Pistol (40 shots qualification plus final)
25m Rapid Fire Pistol (60 shots, qualification plus final)	Trap (75 targets qualification plus final)
10m Air Pistol (60 shots, qualification plus final)	Skeet (75 targets qualification plus final)
Trap (125 targets qualification plus final)	
Double Trap (150 targets qualification plus final)	
Skeet (125 targets qualification plus final)	

A total of 390 athletes may take part in the Shooting competition. This figure includes 214 men and 143 women, plus nine (9) places — five (5) men and four (4) women — allocated to the host country and 24 tripartite commission places (men or women). For details of the qualification requirements, see [p37](#).

## Competition format

The Shooting finals have a maximum of 20 to 60 shots, with athletes who are ranked through third (3rd) being eliminated at progressive stages during each final. A summary of the format of each Olympic Shooting event is given in the table below:

SHOOTING EVENTS		
EVENT	QUALIFICATION	FINALS
Men's 50m Rifle Prone	60 SHOTS, 50MIN	- Top eight (8) athletes in the qualification advance to the final - Two (2) series of three (3) shots each fired in 150 sec per series (100sec per series for 50m Rifle Prone)

Women's Skeet	3 ROUNDS X 25 TARGETS	

### Rifle and Pistol tiebreaking (to be eligible to advance to the finals from the qualification)

All tied scores in the 50m, 25m and 10m Pistol events will be broken by applying the following rules:

- The highest number of inner tens
- The highest score of the last 10-shot series working backward by 10-shot series in full ring scoring (not inner tens or decimals) until the tie is broken
- If any ties remain, scores will be compared on a shot-by-shot basis using inner tens (an inner ten outranks a 10 that is not an inner ten) beginning with the last shot, then the next to the last shot and so on
- If any ties remain, scores will be compared on a shot-by-shot basis using decimal ring scores beginning with the last shot, then the next to the last shot and so on
- When decimal scoring is used for 10m Air Rifle or 50m Rifle Prone elimination or qualification events, ties will be broken by the highest score of the last 10-shot series, and then by comparing decimal scores on a shot-by-shot basis beginning with the last shot, then the next to the last shot, and so on

### Shotgun tiebreaking (to be eligible to advance to the semi-final from the qualification)

- When there are more than six (6) eligible athletes for the finals because of tied scores — i.e., more tied athletes than corresponding places, the ties for the last place(s) in the final must be broken by a shoot-off in accordance with the Rules for Trap, Double Trap or Skeet
- Any athlete who is not in his assigned position and ready to shoot at the official starting time must not be allowed to participate in the shoot-off and will automatically be given the lower place in the shoot-off using

his qualification score

- Whenever possible, tie shooting before the finals should take place on a range other than the one to be used for the finals
- After a shoot-off to determine the six (6) athletes in the finals, the shoot-off result will decide the ranking of all athletes who participated in this shoot-off. Any remaining athletes with the same shoot-off result must have their rankings determined according to the “Count Back” rule

### Count Back Rule

Any ties to be broken by this method must be decided as follows:

- The scores of the last round of 25 targets (Double Trap 15 doubles) must be compared, and the winner is the athlete with the highest score in that round
- in a case where the tie is still not broken, the round before last must be compared and, if still not broken, the round before that, and so on
- if the results of all the rounds are still equal, ties must be decided by counting forward from the first (1st) target of the last round (and if necessary, the next to the last round, and so on) until a zero (0) is found. The athlete with the most hits in succession before the zero (0) will be given the higher place

### Competition draw

The draws for the qualification rounds in all events will be conducted on 3 August 2016, the day before the Technical Meeting. The draws for firing order in finals will be determined by computer draws that are done immediately after Preliminary Qualification Results are final.

## The rules

The Shooting competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

#### ISSF OFFICIAL STATUTES: RULES AND REGULATIONS

(available at [www.issf-sports.org/theissf/rules.ashx](http://www.issf-sports.org/theissf/rules.ashx))

#### THE OLYMPIC CHARTER

(available at [www.olympic.org/olympic-charter/documents-reports-studies-publications](http://www.olympic.org/olympic-charter/documents-reports-studies-publications))

In accordance with Rule 46 of the IOC Olympic Charter, the ISSF will be responsible for the technical control and direction of the Shooting competition at the Rio 2016 Olympic Games.

### Scoring

In all Rifle and Pistol events, shots are fired at 10-ring targets; scoring is done electronically by measuring the distance between the centre of the shot hole and the centre of the target. Qualification scores entitle an athlete to a place in the finals but do not carry forward. Finals scoring starts from zero (0). For finals, the 10 scoring rings are subdivided into 10 ‘decimal’ score zones from 10.0 to a maximum 10.9.

In the Men's Rapid Fire Pistol events/stages, competitors aim at larger targets with five (5) scoring rings (5-10). In Rio 2016, the Men's 25m Rapid Fire Pistol and the Women's 25m Pistol finals will be scored on a hit or miss basis. The hit zone within the 25m target for the 25m Pistol Women event is 8.4 cm in diameter; the hit zone for the 25m Rapid Fire Pistol Men event is 13 cm in diameter.

In Men's and Women's 10m Air Rifle and the Men's 50m Rifle Prone, decimal scoring is used for both the qualification and final rounds.

In shotgun events, a hit is declared when at least one (1) visible piece is seen by the referee to fall from a target or in finals if a visible piece is seen or if powder emerges from the target after a shot.

## CLOTHING AND EQUIPMENT

Clothing and equipment used by athletes and other participants in the Shooting competition at the Olympic Games must comply with the documents listed below:

### ISSF OFFICIAL STATUTES: RULES AND REGULATIONS

(available at [www.issf-sports.org/theissf/rules.ashx](http://www.issf-sports.org/theissf/rules.ashx))

### THE OLYMPIC CHARTER

(available at [www.olympic.org/olympic-charter/documents-reports-studies-publications](http://www.olympic.org/olympic-charter/documents-reports-studies-publications))

Rule 50 Advertising, demonstrations, propaganda and Bye-law to Rule 50

### GUIDELINES REGARDING AUTHORISED IDENTIFICATIONS FOR THE GAMES OF THE XXXI OLYMPIAD, RIO 2016

(distributed by the IOC to all NOCs)

## Firearms transportation and security

All competitors from outside Brazil who wish to compete at the Rio 2016 Olympic Games must apply for a Traffic Permission (Guia de Tráfego - GT) in order to be permitted entry into Brazil with firearms. GTs will be issued by the Brazilian Army. All NOCs must provide data for each firearm or air gun on the Arrival and Departure System.

GTs may be issued for exact periods according to the time of permanence in Brazil. For each athlete, only one GT will be necessary. The Rio 2016 Organising Committee will be responsible only for the period including the test event and Games time. For other periods, the NOC/NF must contact the Brazilian Shooting Sport Federation.

A group application may be made where the team or group will be arriving and departing together, but each individual competitor and firearms must be listed within each application. An individual application is required if an athlete will be entering Brazil independently of any team or group arrival.

Rio 2016, as the Organising Committee, will administer the GT applications and liaise with the Brazilian Army regarding GT issuances. Therefore, 45 days prior to arrival in Brazil, NOCs and NPCs must complete the GT applications in the Arrival and Departure System (ADS). Only athletes who obtain quota places after the 45 days deadline may complete GT applications after that date. Rio 2016 will pay the US\$20.00 cost for each GT application during Games Time.

For teams arriving at Tom Jobim International Airport (GIG), the official port of entry for Rio 2016, all firearms will be taken from them at the airport and delivered by secure transportation directly to the Armoury at the competition venue (Olympic Shooting Centre). The Armoury will be open and ready to receive firearms from 24 July, the day the Olympic Village opens.

For teams arriving either before this date or at a port of entry other than Tom Jobim International Airport, it is each NOC's responsibility to ensure that their firearms are transferred to the Olympic Shooting Centre in a timely and secure manner. Under no circumstances are firearms to be taken to or stored in the Olympic Village.

For comprehensive guidance on firearm and ammunition importation, transportation and security at the Rio 2016 Olympic Games, as well as links to all necessary application forms and supporting documentation, please refer to the 'Customs & Freight Manual Appendix - Firearms & Ammunition, which can be downloaded from the Rio Exchange ([rioexchange.rio2016.com](http://rioexchange.rio2016.com)).

## COMPETITION AND TRAINING VENUE

# Competition venue

## OLYMPIC SHOOTING CENTRE

Av. Brasil, 27.195, Campo de Instrução de Gericinó  
Vila Militar, Deodoro

The Shooting competition will be held at the Olympic Shooting Centre, located in the Deodoro zone. The venue was built in 2007 for the Pan American Games and belongs to the 1st Army Division – 1st DE (Division Mascarenhas de Morais), which was created on 23 March 1908. In 9 August 1943 it was transformed into the 1st Infantry Division of the Brazilian Expeditionary Force, the main Brazilian force to the Second World War. Nowadays it has 20,000 based military personnel.

## FIELD OF PLAY

The competition venue will contain the following competition areas:

- one (1) rifle/pistol qualification range for 10m events, with 60 firing points
- one (1) rifle/pistol qualification range for 50m events, with 60 firing points
- one (1) pistol qualification range for 25m events, with 40 firing points
- one (1) rifle / pistol finals range
- three (3) shotgun ranges, including a finals range

All competition areas and all equipment will be presented in accordance with the ISSF Rules and Regulations.

## FACILITIES

The Olympic Shooting Center will have the following facilities:

- changing rooms and showers (separate facilities for men and women)
- lounge for athletes (rifle and pistol area)
- lounge for officials (rifle and pistol area)
- lounge for athletes (shotgun area)
- lounge for officials (shotgun area)
- catering services
- internet access
- rifle and pistol armoury
- shotgun armoury
- equipment room for athletes
- dry fire areas
- service industry work area
- mixed zones on all ranges, where accredited media may conduct interviews with athletes after competitions
- medical facilities (for details, see [p34](#))
- doping control station (for details, see [p35](#))
- Sport Information Desk (for details, see [p35](#))

## Training venue

### OLYMPIC SHOOTING CENTRE

Av. Brasil, 27.195, Campo de Instrução de Gericinó  
Vila Militar, Deodoro

Training for the Shooting competition will also take place at Olympic Shooting Centre.

The venue will be open for training from Sunday 24 July until Friday 5 August.

All training equipment will be approved by ISSF, and will comply with Rule 50 and the Bye-law to Rule 50 of the Olympic Charter.

The Shooting facilities at Olympic Shooting Centre will include:

- changing rooms
- lounge area
- physiotherapy area
- sport equipment storage
- catering services
- medical facilities

## GENERAL INFORMATION

## Accreditation

Accreditation is the process of identifying individuals and their roles at the Olympic Games, while ensuring that they are granted appropriate access to fulfil their roles. Accreditation also ensures that all Games participants are granted entry into Brazil for the Games. A basic summary of the Accreditation process is given below; full details will be provided in the Accreditation application materials that will be available on the Rio Exchange in December 2015 and distributed by Rio 2016 to NOCs in January 2016.

### ACCREDITATION TIMELINE

The deadline for accreditation applications is 11.59pm Rio de Janeiro time (GMT-3) on 29 April 2016. The accreditation application must be submitted together with an acceptable photograph.

NOCs are responsible for submitting all accreditation applications directly to Rio 2016. To ensure compliance with data protection principles, all applications should be submitted through the eAccreditation (ECR) module of the Games Management System.

### Eligibility Conditions Form

As required by the IOC and in accordance with Rule 40 of the Olympic Charter, **all individuals** submitted in the following NOC accreditation categories must complete an Eligibility Conditions Form (ECF), acknowledging their compliance with IOC and International Federation (IF) rules regarding Games participation:

- Aa - athletes
- Ac - Chef de Mission, Deputy Chefs de Mission, Olympic Attaché
- Ao - Primary and Additional Team Officials (including grooms)
- P - alternate athletes, personal coaches and training partners
- NOC - NOC President and Secretary General, all dignitary categories (including entourage), NOC horse owners, NOC drivers
- NOC\*\* - Accompanying guests of individuals in the NOC category (where applicable)

Without a signed form, an athlete will not be able to compete and team officials will not be eligible for accreditation at the Rio 2016 Olympic Games.

**THE FOLLOWING ARE KEY ACCREDITATION DATES FOR ATHLETES, TEAM OFFICIALS AND DIGNITARIES:**

DATE	APPLIES TO	ACTIVITY
4 January 2016	ALL	Rio 2016 distributes the NOC Accreditation Manual, Sport Entries Manual and associated materials, in electronic format (CD/USB) by courier to NOCs
29 April 2016	ALL	Deadline for NOCs to submit all athlete, team official and dignitary (Aa, Ac, Ao, P, NOC, NOC**) accreditation applications to Rio 2016 through the eAccreditation system
June 2016	ALL	Rio 2016 produces and dispatches Pre-Valid Cards (including those for NOC accredited press) to NOCs
1 June 2016	ATHLETES	Sport Entries (SEQ) module opens for sport entries submission
18 July 2016	ATHLETES	Deadline for NOCs to submit sport entries to Rio 2016 through the SEQ module

**PRE-VALID CARDS (PVCs)**

Rio 2016 will produce Pre-Valid Cards for all NOC delegates whose attendance at the Games has been confirmed during the Pre-DRMs. The production and distribution process will commence as soon as the Pre-DRMs have been completed.

Holders of Pre-Valid Cards (PVCs) or Olympic Identity and Accreditation Cards (OIAC), which is the PVC once it has been validated, may enter Brazil multiple times from 5 July 2016 until 28 October 2016 upon presentation of their card and a valid travel document (passport or national ID for Mercosur nationals) without requiring a separate entry visa. Rio 2016 will work with airlines and immigration services worldwide to ensure that all necessary authorities are aware that the PVC can be used as a visa waiver to travel to Brazil for the Games.

Note that the PVC will not act as a visa waiver or transit visa for any other country. Individuals transiting through another country are responsible for obtaining the necessary entry/transit documentation.

Individuals using their PVC or validated OIAC as an entry document must ensure that their travel document is valid beyond 31 December 2016, and that it is the same document that was provided to Rio 2016 during the accreditation application.

## ACCREDITATION CARD VALIDATION

Individuals arriving in Brazil through Rio de Janeiro's Tom Jobim International Airport (GIG) will be able to validate their PVCs at the airport, provided that their NOC's DRM has been completed. Validation desks will be located at both terminals after immigration and before baggage claim.

Individuals arriving through other ports of entry (including the Santos Dumont Domestic Airport or the football co-host city airports) should proceed to the appropriate main accreditation centre to complete the accreditation validation process. Each individual must attend an accreditation facility in person to complete the validation process. Individuals should bring their PVC and the valid identity document that was provided to Rio 2016 in the accreditation application.

### Accreditation facilities

Accreditation Centres and Venue Accreditation Offices (VAOs) will be located at strategic locations at official Olympic venues. The main accreditation centre for NOC delegations will be the Olympic Village Welcome Centre. Please be aware that only PVC validation services will be provided at the accreditation desks at Tom Jobim International Airport. Full accreditation services will be available at the football co-host city accreditation centres.

**THE TABLE BELOW LISTS ALL ACCREDITATION FACILITIES AND THE SERVICES PROVIDED:**

FACILITY	ZONE	PRIMARY POPULATION	SERVICE TYPE	SERVICE START DATE
GIG - Tom Jobim International Airport (Terminals 1 and 2)	Maracanã	All	Validation	5 July 2016

Deodoro Main Accreditation Centre	Deodoro	All	Full service	TBC*
Venue Accreditation Offices (VAOs) at competition venues only	All zones	All	Validation, reissuing lost/stolen cards	TBC*

\*To be confirmed in the Rio 2016 NOC Accreditation Manual.

# Tickets and accredited seating

## GAMES-TIME TICKET SALES

At Games time, available tickets may be purchased through [www.rio2016.com](http://www.rio2016.com) or at any of the following locations:

- Olympic Village (ticket box office at the Village Plaza)
- Competition venue (ticket box offices will operate on competition days at the relevant venues)

## COMPLIMENTARY SPORT TICKETS

Athletes and officials may access the athletes' stand during competition for their own discipline(s) without a ticket, upon presentation of their Olympic Identity and Accreditation Card (OIAC). In order to watch competitions at venues in disciplines other than their own, athletes and officials will require a ticket.

NOC Chefs de Mission may request complimentary sport tickets (except in the case of Football in co-host cities) for their delegation members a day before the event through the Client Ticket Portal (CTP). Complimentary tickets will be limited in number, and demand is expected to exceed supply for many venues. NOC Relations and Services will allocate tickets according to availability, delegation size and NOC participation in the relevant sport. Chefs de Mission, or their ticketing proxy card holders, will be able to collect tickets from the NOC Services Centre in the Olympic Village the evening before the sessions.

# Accommodation

During the Rio 2016 Olympic Games, the Olympic Village will accommodate 18,000 athletes and team officials. Athletes, officials and grooms will also reside in specific grooms' accommodation, Football hotels around Brazil and Additional Team Officials' (ATOs') accommodation.

A brief summary of the Olympic Village follows below. For details of medical services at the Olympic Village and other accommodations, see [p34](#).

## OLYMPIC VILLAGE

The Olympic Village is located in the Barra venue zone, in the south-west part of the city, 2km from Riocentro and 3km from the Barra Olympic Park. The Village will officially open at 8.00am on 24 July 2016 and close at 6.00pm on 24 August 2016.

The Olympic Village will have a Plaza and a residential zone. The residential zone is restricted to residents. It contains the accommodation, recreational and catering facilities, as well as transport services to competition and training venues. The Village Plaza and residential zones will be separated by internal fencing and access control. Guests may enter the residential zone from the Village Plaza only if accompanied by a Village resident with 'R' on their OIAC.

Beginning at 8.00am on 24 July, and once DRMs and Inventory & Inspections (I&Is) have been completed for an NOC, all athletes and team officials from that NOC residing in the Olympic Village may arrive at the Welcome Centre, where luggage and equipment will be screened.

## Accommodation

Athletes and officials will be accommodated in 31 buildings with 17 floors each, divided into seven condominiums. The apartments have between two and five bedrooms with up to nine beds. All social spaces will have soft furnishings (sofa and beanbags), a coffee table and a television with Olympic feed and free wireless internet (Wi-Fi) access.

## Resident centres and services

There will be a resident centre in each of the seven condominiums, with three centres open 24 hours a day. Each resident centre will provide a front desk, hotel-like service that will assist with the resolution of issues relating to accommodation services in the Village, including housekeeping requests, maintenance issues and lost keys. They will also provide a concierge service, Info+ terminals internet access, and a lounge and meeting facilities.

The Village will provide a multi-faith centre for worship and meditation. It will contain representatives of the following religions: Buddhism, Christianity, Hinduism, Islam and Judaism, along with support for other religions and faiths.

## FOOD SERVICES

The Main Dining Hall will be located in the residential zone adjacent to the Athlete Transport Mall and will operate on a 24-hour basis from 24 July until 24 August 2016. A menu, rotated on an eight-day cycle, will provide a wide range of meal choices and cater to all nutritional needs. A McDonald's restaurant and café will also be located in the Main Dining Hall. Additional dining options in the Village will include one 'grab-and-go' station in each of the seven condominiums, an outdoor casual dining area and the Plaza Café.

From 24 July until 21 August 2016, Athlete Venue Meals (AVM) will be available for athletes and officials who will be away from the Village for competition or training for more than four hours. AVMs must be ordered from the Sport Information Centre in the Olympic Village 48 hours in advance. Meals will be prepared at the venue to be collected from the Athletes' Lounge.

## RESIDENT ENTERTAINMENT AND RECREATION

An Athletes' Lounge, music area and video game room will be available to Village residents for relaxation at the Village Entertainment Centre. An internet lounge will be located in the Village Plaza and will be open 24 hours a day.

## ATHLETE FITNESS AND SPORT RECREATION

The Olympic Village will contain a gym with a good selection of cardiovascular equipment, resistance machines and free weights, as well as space for stretching and warming up/down.

Each condominium will have a dedicated recreational shallow swimming pool, which will be available for use by residents from 9.00am until 5.00pm daily.

The Olympic Village will also have an area with courts for recreational basketball, football, handball, tennis and volleyball (indoor). Note that equipment will not be provided.

Residents will also be able to use a transport service from the Athlete Transport Mall to the Olympic Village Beach, which is located in the Barra zone. Lounge chairs and beach umbrellas will be available free of charge to athletes and team officials.

## VILLAGE PLAZA

The Village Plaza is a place for residents and guests to purchase retail items and souvenirs, as well as providing essential support services. It is also an area where Village residents and their guests can meet. Some shops and services within the Olympic Village Plaza will operate on a user-pay basis, while others are free of charge for athletes and officials. Retail outlets and services will include a bank, postal services, phone centre, internet lounge, dry cleaning, a general store and a ticket office. Team Welcome Ceremonies will also take place in the Plaza.

# Transport

During the Rio 2016 Olympic Games, the TA (Transport for Athletes) system will provide transport services for athletes and team officials (Aa, Ac, Ao and P alternate athletes) and their accompanying luggage and personal sport equipment from 24 July until 24 August 2016. The TA bus system will provide the following transport services:

- arrivals and departures services from/to the airports in Rio de Janeiro to/from the Olympic Village
- arrivals and departures services from/to the airports in the Football co-host cities to/from the official hotels
- transport between the Olympic Village and official competition and training venues
- Internal Village Transport Service (IVTS) operating inside the Olympic Village
- Different Discipline Spectating Athlete (DDA) services
- ceremony services
- additional services to the Sugar Loaf Mountain, Christ the Redeemer, Metropolitan Shopping Mall and the beach

## TA TRAINING AND COMPETITION SERVICES

Transport services for athletes and team officials for training and competition have been planned and developed in consultation with the IFs and in accordance with the requirements for each sport. TA system vehicles will vary in size, seating capacity and model.

Regularly scheduled transport services will connect athletes to designated training venues. The service will commence on 24 July 2016 and will continue until the close of each sport's individual training session.

On competition days, the TA service will start approximately two or three hours prior to competition starting, with the last bus leaving the venue a maximum of two hours post-competition.

## INTERNAL VILLAGE TRANSPORT SERVICE

A daily Internal Village Transport Service (IVTS) shuttle will operate in the Olympic Village. The IVTS will connect key locations inside the Village, including the Welcome Centre, the Main Dining Hall and the Residential Zone. This service will operate 24 hours a day from 24 July until 24 August 2016. Frequency will vary depending on the time of day.

## Equipment transfer

Rio 2016 Logistics will operate a scheduled free service for the transfer of athlete sport equipment between the Olympic Village and competition and training venues (non-competition venues other than the Olympic Village are not included). NOCs can request assistance with inter-venue transfers from the Logistics desk in the NOC Services Centre in the Olympic Village.

## PUBLIC TRANSPORT

A number of public transport options are available to get around in Rio:

- Bus Rapid Transit system (BRT)
- Subway (Metrô Rio)
- Train (Supervia)
- Light Rail Train (LRT)
- Urban bus

Further details on public transport are available in the NOC Visit Guide on the Rio Exchange.

Information regarding the free-of-charge public transport options for accredited individuals will be made available in the Team Leaders' Guide.

# Medical services

Public health services, including disease surveillance, communicable disease control and health protection (such as food, water and air quality) will be in place throughout Brazil during the Games.

Local hospitals that include 24-hour emergency specialist services and tourist clinics are also available around the city. Local pharmacies can be found in all neighbourhoods, and some are open 24 hours a day.

There are no vaccination requirements for entering Brazil, but NOCs are advised to consult their local physician prior to travelling to Brazil to ensure that all routine vaccinations are up to date.

## Malaria and dengue fever

Cases of dengue fever and malaria have been documented across all regions of Brazil. Whilst cases of malaria in Rio de Janeiro are extremely rare, other states, such as those in which the football co-host cities of Brasília, Manaus and Belo Horizonte are located, have had a greater prevalence. NOCs are therefore advised to take the necessary precautions to protect themselves against mosquito bites.

## Yellow fever

The yellow fever vaccine is not a requirement for entry to Brazil. However, in the more remote areas, including the Football co-host cities of Manaus and Brasília, yellow fever has been documented; therefore, it is recommended that NOCs take the necessary precautions. It should also be noted that even though Brazil does not require the yellow fever vaccine for entry, delegates are advised to verify with their airline if the vaccine is a requirement of their destination upon leaving Brazil, or any transiting countries throughout the journey.

A basic summary of medical services at the Games is given below; full details will be provided in the Healthcare Guide, which will be distributed by Rio 2016 to NOCs no later than six (6) months before the Games.

### GAMES-TIME MEDICAL SERVICES

The Polyclinic will be located in the Residential Zone of the Olympic Village and will be the main treatment provider for urgent and necessary services for athletes and NOC team officials during the Games. The Polyclinic will be open and fully operational from 24 July until 24 August 2016.

Services will be offered between 7.00am and 11.00pm, seven days a week, with an emergency-services department operating 24 hours a day. Services in the Polyclinic will include:

- first aid and emergency services
- sports medicine
- dentistry
- imaging services: X-ray, ultrasound and MRI will be available on-site
- laboratory: for urine, blood and biochemical testing (some tests will be available on-site in the Polyclinic lab, whilst others will be performed and sent to a laboratory outside the Olympic Village for analysis)
- ophthalmology
- pharmacy
- physiotherapy and massage therapy (this will include treatment areas and a rehabilitation gym)
- podiatry
- primary care and specialist services: consultation rooms will be available for scheduled and on-call primary care and specialised services (such as dermatology, cardiology)
- IOC Medical Commission Offices

NOC doctors will be able to request imaging and laboratory services and discuss results with Rio 2016 medical services clinicians. Hospital referrals can only be made by Rio 2016 medical personnel. NOC doctors will be able to accompany team members to hospital and discuss management with the admitting doctor at the hospital.

The Polyclinic will have a 24-hour emergency phone number in case emergency medical assistance is required outside the operational hours stated above.

### VENUE MEDICAL SERVICES

Medical facilities will be provided at competition, training and other official venues. Athlete and spectator services will be stocked with appropriate equipment, supplies and medication, and will be staffed by experienced medical personnel. Ambulances, staffed per Brazilian legislation by nurses and doctors, will be stationed at all official Rio 2016 competition and training venues, the Village Polyclinic and the main Olympic Family Hotel.

#### Competition and training venues

At least one dedicated athlete medical post will be present at all official Rio 2016 competition and training venues. Each medical post, staffed by physicians and therapists (physiotherapists and/or sports massage therapists), will provide services such as first aid and emergency care to athletes, team officials and technical officials. Athlete medical posts will be equipped with essential first aid and emergency equipment.

### Field-of-play response

Field of Play (FOP) response teams will provide first aid and emergency services to athletes and officials on the Field of Play, should such services be required. If necessary, the patient will be retrieved from the FOP and transported to the athlete medical post, Polyclinic or designated hospital, as appropriate. The order of response on the FOP and any decision-making will differ in each venue in accordance with the rules of the respective IF.

### Spectator medical services

All official Rio 2016 competition venues will have one or more spectator medical post that will provide first aid and emergency services to all other client groups, including spectators, workforce, media, sponsors and Olympic Family. There will also be mobile medical responders circulating throughout the venue to respond to any medical situation that occurs.

### OLYMPIC FAMILY HOSPITALS

Athletes and team officials who require services beyond the capability of the Polyclinic will be transported to Vitória Hospital - Americas Medical City located in the Barra venue zone, near the Village and Barra Olympic Park. Any patient suffering from a life-threatening condition that may occur at another competition or training venue located in any of the other venue zones (Copacabana, Deodoro or Maracanã) will be taken to the nearest pre-selected hospital.

## Doping control

Rio 2016 is committed to delivering a world-class anti-doping programme during the Olympic Games. In partnership with the IOC, Rio 2016's anti-doping programme will ensure that the integrity of sport is upheld, while protecting the rights and health of the athletes.

The programme will conduct testing anytime and anywhere, without prior notice, from 24 July until 21 August 2016 and will follow collection procedures consistent with IOC Anti-Doping Rules, which will be published in the third quarter of 2015, and the World Anti-Doping Code. There will be 38 Doping Control Stations in competition and non-competition venues, and sample analysis will be conducted at the WADA-accredited laboratory in Rio de Janeiro.

Rio 2016 encourages NOCs to take proactive and comprehensive measures to ensure athletes, support personnel and medical staff are informed of, for example, the anti-doping rules and procedures that will be in place during the Games, the latest 2016 prohibited list (published on 1 January 2016) and the importance of drug-free sport.

## Sport information

### SPORT INFORMATION DESKS

The Sport Information Centre (SIC) will be located in the Residential Zone of the Olympic Village and will provide key sport-specific information to teams through Sport Information Desks (SIDs) dedicated to each Olympic sport. SIDs will also be available at every competition venue. A variety of services and information will be available at the SIC, including:

- general competition-related information and sport-related communications from the Rio 2016 Sport Competition team or International Federations
- distribution of results, draws and start lists, daily training schedules and other key competition information

- booking of Games-time training slots and allocation of training sessions at competition venues for selected sports
- transport information and scheduling of team sport buses
- Athlete Venue Meal (AVM) bookings

The SIC will already be open on 24 July 2016, the day the Olympic Village officially opens, and will be open every day throughout the Games. The hours of operation will be as follows:

DATES	HOURS OF OPERATION
24 July - 20 August 2016	7.00am - 10.00pm
21-24 August 2016	8.00am - 8.00pm

### INFO+

Info+ is the official Games-time intranet for the Olympic Family. It will be available in all competition and non-competition venues from 24 July 2016 and will contain the following information in English and French:

INFO+ CONTENT	DETAILS
Background	Historical data, statistics, competition formats and rules, qualification criteria and venue descriptions
Biographies	Athlete biographies and team, coach, referee and judge profiles
Ceremonies	Details about ceremonies (Opening, Closing, medals), including timings and participants
Games news	Flash quotes, press conference highlights, sport previews, news articles, statistics-driven reports, media communication and IOC news
Medals	Medal standings by sport; overall medal standings; and medallists by day, sport and event
Records	World and Olympic records, including current records, record holders and new or equalled records
Results	Competition results viewable by sport, date and NOC. Includes entry lists, start lists and additional sport-specific reports
Schedules	Competition and non-competition schedules, including press conferences, IOC activities and Cultural Olympiad
Transport	Transport schedules and maps
Weather	Real-time weather conditions and forecasts

Info+ terminals will be available at NOC offices in the Olympic Village. NOCs with a delegation size of 25+ (Aa, Ac, Primary Ao) will receive additional desktop computer(s) with internet access and a myInfo+ account.

myInfo+ is the online version of Info+ and is available for anyone with an internet connection and login (username and password) from anywhere in the world. myInfo+ provides additional features not available on Info+, such as:

- user customisation (the ability for users to create their own schedules by selecting only those sports and events that interest them)
- news/event alerts via SMS/text message or email
- bookmarking of results, reports and other Games information
- hyperlinking to other websites, such as those of the IOC and IFs
- downloadable results books
- ability to copy and paste information from results and news reports

## Medals and diplomas

Medals and diplomas will be awarded in each event in accordance with the IOC Olympic Charter (Rule 56: Victory, Medal and Diploma Ceremonies) and the IOC Protocol Guide (Article 5.4).

### FIRST PLACE

A gold (silver gilt) medal, a diploma and an Olympic medallist's pin

### SECOND PLACE

A silver medal, a diploma and an Olympic medallist's pin

### THIRD PLACE

A bronze medal, a diploma and an Olympic medallist's pin

### FOURTH, FIFTH, SIXTH, SEVENTH AND EIGHTH PLACES

A diploma

## Qualification and entries

Entries to the Olympic Games are the responsibility of the National Olympic Committees (NOCs), upon recommendations provided by their respective National Federations (NFs) and based on qualification systems defined by the International Federations (IFs) and approved by the IOC. Detailed sport-by-sport qualification systems are available and regularly updated on the IOC extranet for NOCs, NOCnet:

## Rio 2016 Organising Committee for the Olympic and Paralympic Games (Rio 2016)

Rio de Janeiro won the right to stage the Games of the XXXI Olympiad on 2 October 2009. The Rio 2016 Organising Committee for the Olympic and Paralympic Games (Rio 2016) is a private, not-for-profit sports association formed by the Brazilian Sports Federations, Brazilian Olympic Committee (COB) and Brazilian Paralympic Committee (CPB). It was assigned this mission by the International Olympic Committee (IOC) and International Paralympic Committee (IPC) and must follow their guidance, the Host City Contract, the Olympic Charter, the IPC Handbook, World Anti-Doping Agency (WADA) regulations and Brazilian law.

Rio 2016's key partners include the Olympic Public Authority (APO); the Olympic Public Council; the Ministry of Sport, EGP-Rio, the Municipal Olympic Company (EOM); the Brazilian Olympic Committee (COB); the Brazilian Paralympic Committee (CPB) and a variety of international and Brazilian commercial partners.

## International Olympic Committee (IOC)

The International Olympic Committee was created on 23 June 1894. Less than two years later, on 6 April 1896, the first Olympic Games of the modern era opened in Athens, and the Olympic Movement has not stopped growing ever since. The Olympic Movement encompasses organisations, athletes and other persons who agree to be guided by the principles of the Olympic Charter. The goal of the Olympic Movement is to contribute to building a peaceful and better world by educating youth through sport practised without discrimination of any kind, in a spirit of friendship, solidarity and fair play.

## International Shooting Sport Federation (ISSF)

Founded on 17 July 1907 in Zurich, Switzerland as L'Union Internationale des Fédérations et Associations Nationales de Tir (the International Union of National Shooting Federations and Associations), the ISSF has been known by its current name since 1998. As well as its role governing the Shooting competition at the Olympic Games, the ISSF organizes and runs numerous other competitions, including the ISSF World Championships, ISSF World Cups, and other continental and regional competitions. Through its development of these international competitions, the ISSF has helped spread the popularity of Shooting far beyond its original events and founding countries. At present, 161 national member federations are affiliated to the ISSF.
